---

Damien and Marcus,

Just following up on the status of additional meeting(s) for consultation protocol between EPA and NRC. I will be moving to another division within the next month, and plan to transfer this responsibility to a new branch chief, so if you have insight on activities moving forward and schedules, then I'll be sure to pass that along. I will likely also attend the next meeting so that we will have a good transition on our end.

Please let me know when we can expect to re-engage. Tx greg
